
INDUSTRIAL ARTS

QUARTER 4

TECHNOLOGY AND LIVELIHOOD EDUCATION

PRAYER

Dear Lord and Father of all, Thank you for today. Thank you for ways in which you provide for us all. For Your protection and love we thank you. Help us to focus our hearts and minds now on what we are about to learn. Inspire us by Your Holy Spirit as we listen and write. Guide us by your eternal light as we discover more about the world around us.

We ask all this in the name of Jesus.

Amen.

MATATAG CURRICULUM

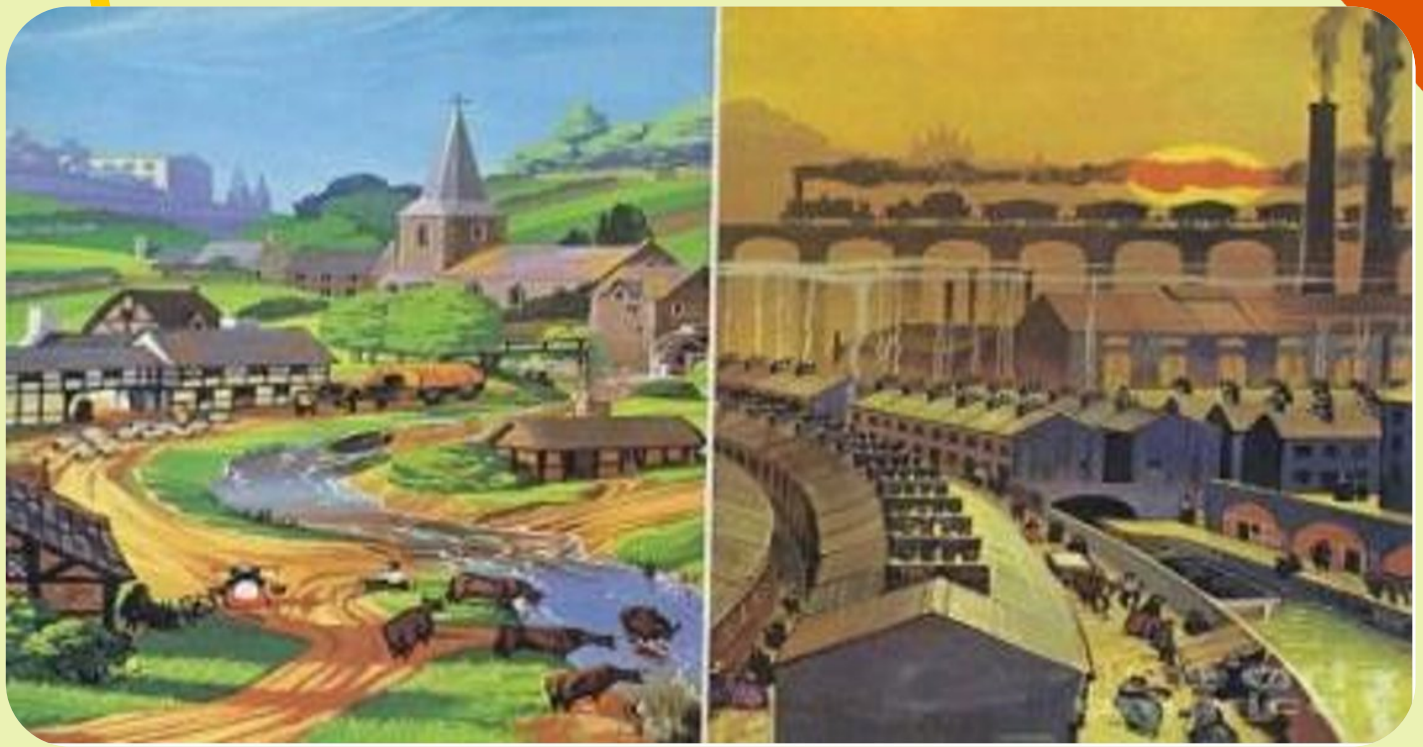
TECHNOLOGY AND LIVELIHOOD EDUCATION

QUARTER 4

Short Review

Picture Analysis

Directions: Based on the photo shown in the presentation, answer the following questions.



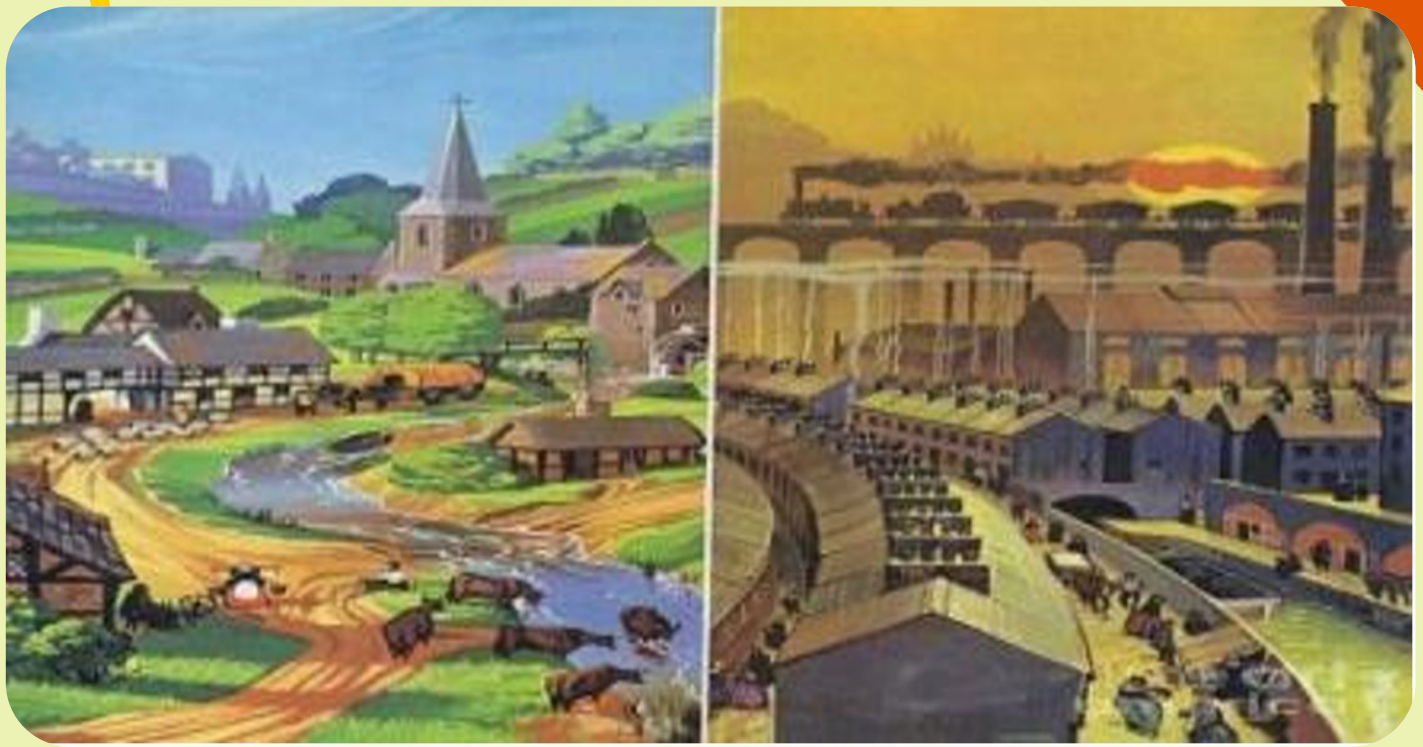
Guide Questions:

a. What do you think is the message of the picture?

Short Review

Picture Analysis

Directions: Based on the photo shown in the presentation, answer the following questions.



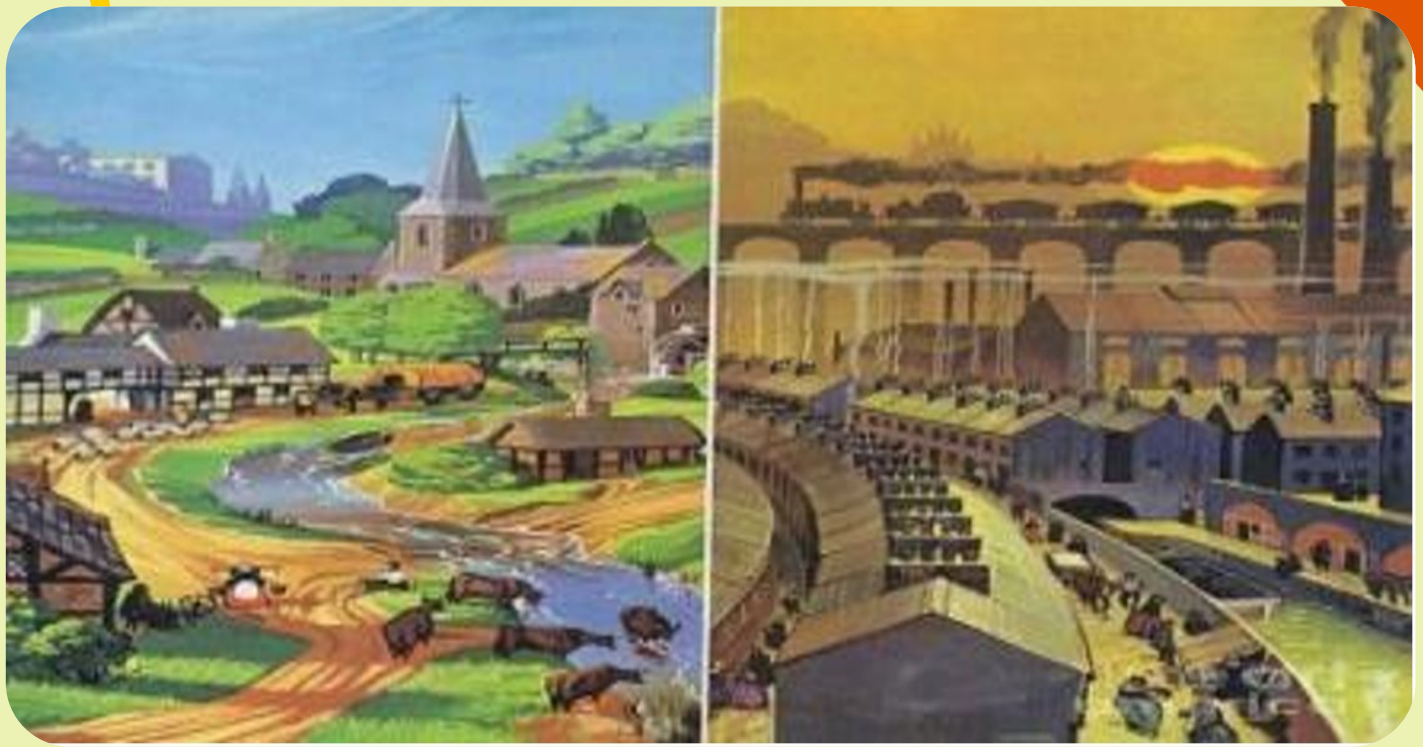
Guide Questions:

b. Can you tell me more about the picture?

Short Review

Picture Analysis

Directions: Based on the photo shown in the presentation, answer the following questions.



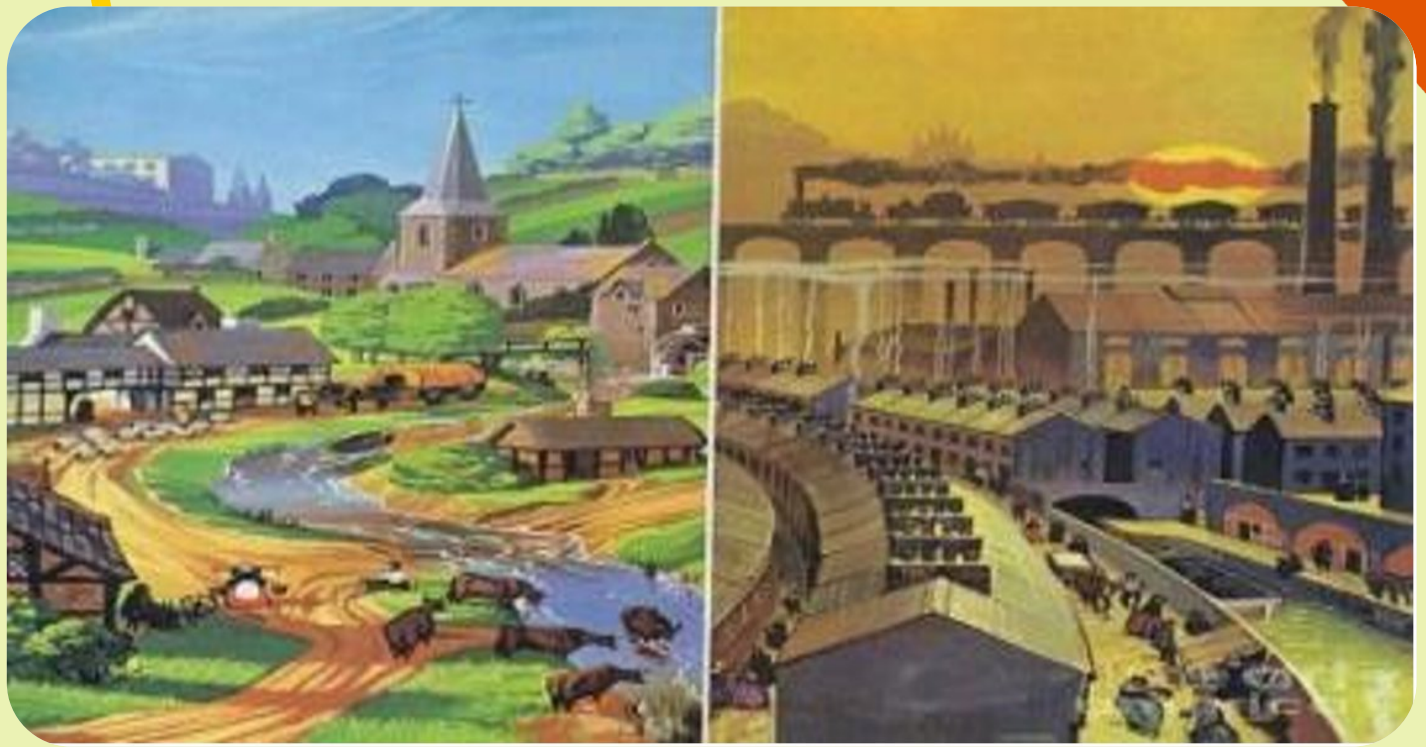
Guide Questions:

c. How will you interpret the picture shown?

Short Review

Picture Analysis

Directions: Based on the photo shown in the presentation, answer the following questions.



Guide Questions:

d. What do you think of the idea or message of the picture?

Lesson Purpose

Directions: Categorize the given areas in Industrial Arts based on the given picture.

1

CARPENTER

Lesson Purpose

Directions: Categorize the given areas in Industrial Arts based on the given picture.

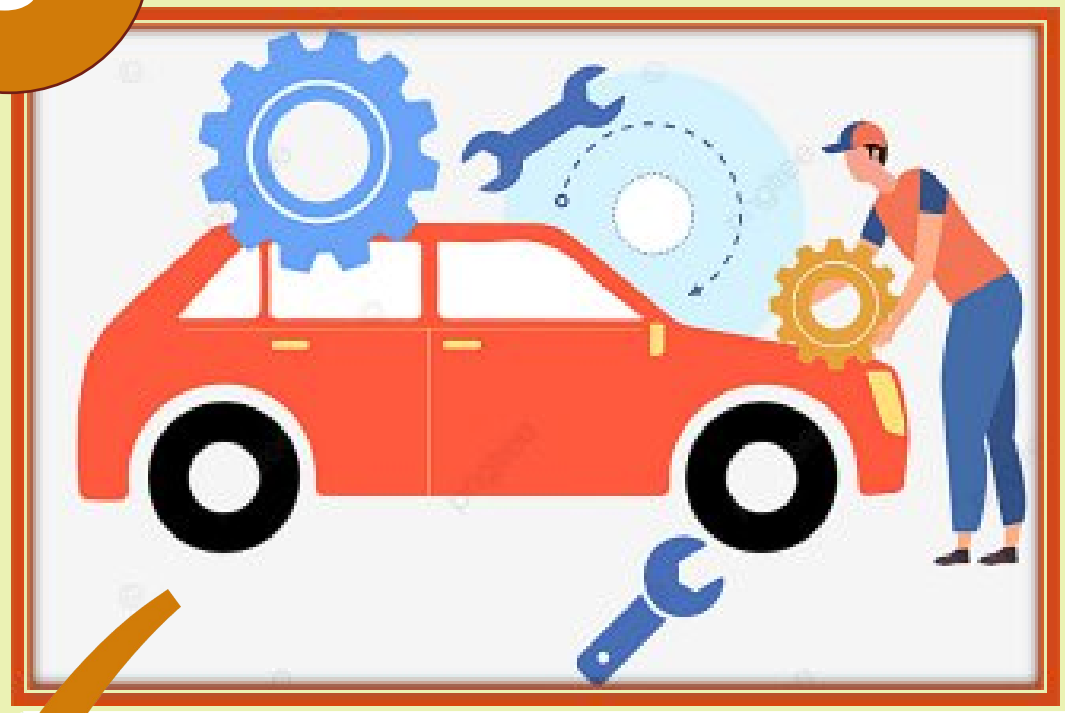
2

ELECTRICIAN

Lesson Purpose

3

Directions: Categorize the given areas in Industrial Arts based on the given picture.



AUTOMOTIVE TECHNICIAN/

AUTOMOTIVE MECHANIC

Lesson Purpose

4

Directions: Categorize the given areas in Industrial Arts based on the given picture.

PLUMBER

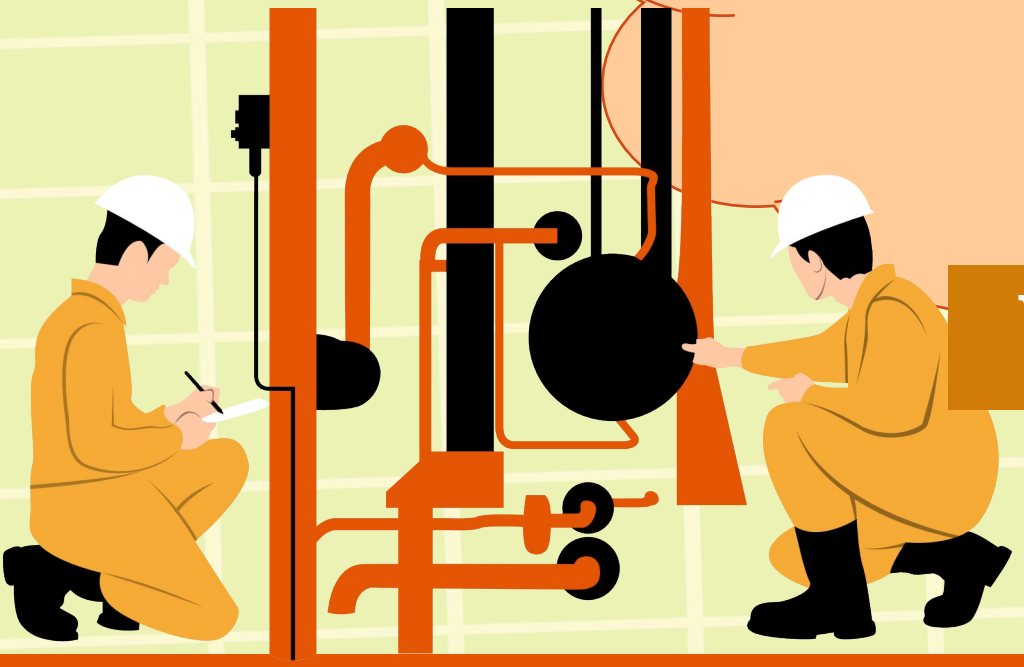
Lesson Purpose

5

Directions: Categorize the given areas in Industrial Arts based on the given picture.

FURNITURE MAKER

Areas in Industrial Arts



WEEK 1 – DAY 2

Content Standards

The learners demonstrate an understanding of the concepts in industrial arts services.

erformance Standards

ne learners perform mensuration and calculations following safety precautions.

Learning Competency

Discuss the services of ndustrial Arts.

Learning Objectives

1. Enumerate the different areas in Industrial Arts.
2. Create a Brochure showing the different reas in Industrial Arts.
3. Recognize the

Unlocking of Words

TECHNOLOGY

the branch of knowledge that deals with the creation and use of technical means and their interrelation with life, society, and the environment, drawing upon such subjects as industrial arts, engineering, applied science, and pure science.

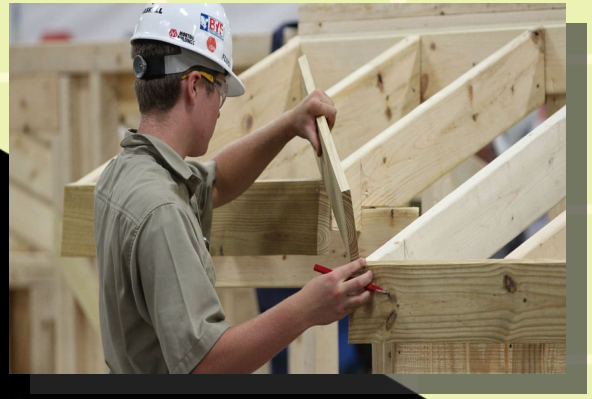
Areas In Industrial Arts

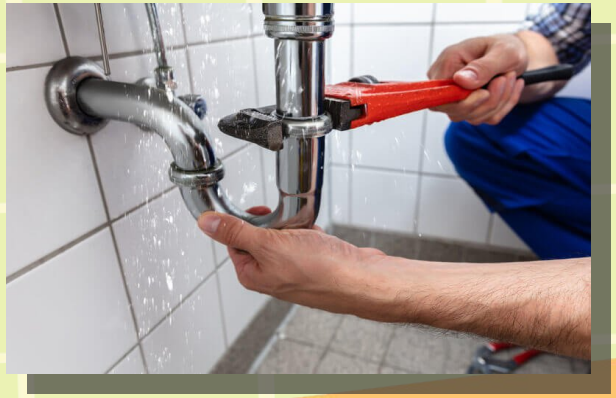
Industrial Arts allow students to acquire insight into various technical and trade areas. Lab or shop classes are not designed to turn out tradespeople or technicians but to acquaint students with multiple occupations requiring mental and manual skills.

Industrial art class experiences will have carry-over value later in life, in job situations, in consumer knowledge, or possibly in home maintenance

Vocational Building Trades allows students to explore twenty areas of pre-apprenticeship training for those considering construction as a career. Craftsmanship is not dead; it just must be taught and honored.

The Industrial Arts strand under the Technical-Vocational-Livelihood track provides students with the necessary knowledge and skills for employment. These include technical and manual skills in:



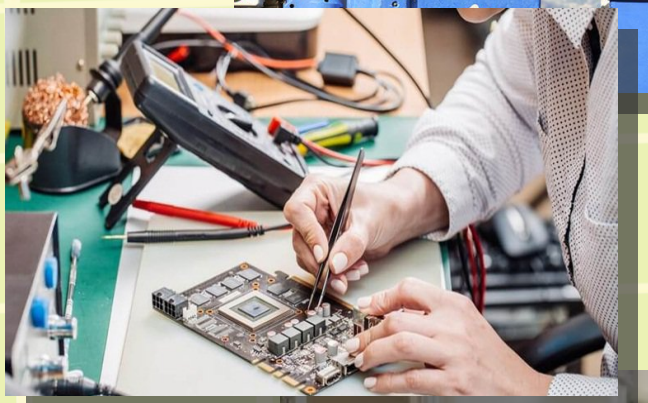


1. Construction Sector

- Construction Painting
- Furniture Making
- Carpentry
- Masonry
- Tile Setting
- Plumbing

2. Electrical and Electronic Sector

- Electrical Installation and Maintenance
- Electric Power Distribution Line Construction
- Transmission Line Installation and Maintenance
- Electronic Products Assembly and Servicing
- Mechatronics Servicing

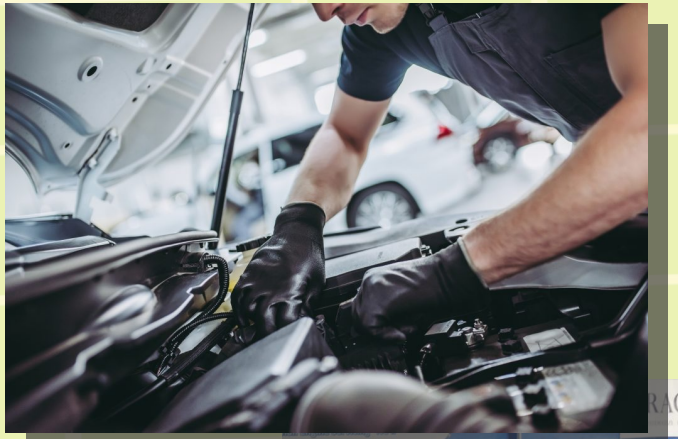


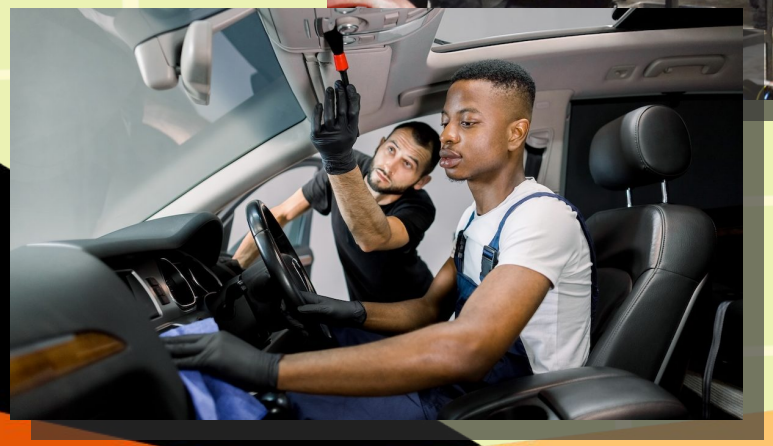
3. Heating, Ventilation, Air Conditioning and Refrigeration

- Domestic Refrigeration and Air-conditioning Servicing

4. Metals and Engineering Sector

- Gas Metal Arc Welding
- Gas Tungsten Arc Welding
- Shielded Metal Arc Welding





5. Automotives and Land Transportation Sector

- Automotive Servicing
- Motorcycle/Small Engine Servicing
- Driving

Finishing a course in the Industrial Arts strand can give you requisites for Certificates of Competency and National Certificates on each subject if you pass the assessments from TESDA.

Earning these certificates is essential, especially when looking for career opportunities in the electronics and trade industries.

Republic of the Philippines
TECHNICAL EDUCATION AND SKILLS DEVELOPMENT AUTHORITY

NATIONAL CERTIFICATE II

in

BEAUTY CARE

is awarded to

for having completed the competency requirements under the Philippine TVET Competency Assessment and Certification System in the following units of competency:

UNIT CODE	BASIC COMPETENCIES
[illegible]	Participate in workplace communication
[illegible]	Work in team environment
[illegible]	Practice career professionalism
[illegible]	Practice occupational health and safety procedures

UNIT CODE	COMMON COMPETENCIES
[illegible]	Maintain an effective relationship with clients/customers
[illegible]	Manage own performance
[illegible]	Apply quality standards
[illegible]	Maintain a safe, clean and efficient environment

UNIT CODE	CORE COMPETENCIES
[illegible]	Perform pre and post beauty care activities
[illegible]	Perform manicure and pedicure
[illegible]	Perform hand spa
[illegible]	Perform basic massage
[illegible]	Perform basic scrub
[illegible]	Perform face treatment
[illegible]	Perform face DPM
[illegible]	Apply basic make-up

Signature of the certificate holder
Certificate No. [illegible]
ULI: RBB-85-966-13087-001

Issued on : August 31, 2018
Valid until: August 30, 2023

National Certificate (NC)

Certificate of Competency (COC)

FORMATIVE ASSESSMENT

Directions: Given the Job Opportunities, identify what area they belong to.

Formative Assessment

1. Mason
2. Shield and Metal Arc Welder
3. Aircon Technician
4. Wiring Electrician
5. Tile Setter

KEY TO CORRECTION

1. Construction Sector
2. Metals and Engineering
3 Heating, Ventilation, and Air conditioning
4. Electrical and Electronic Sector
5. Construction Sector

Worked Example

- *Are you fascinated by using different tools to assemble things?*
- *Do you dream of becoming an inventor someday?*
- *The Industrial Arts strand can help you reach that dream!*
- *But what is it all about, and how can you benefit from it?*

Lesson Activity

I. Activity No. 1: Brochure Making (1 Meeting)

II. Objective(s):

- Recall the different areas in Industrial arts.
- Recognize the importance of different areas in Industrial Arts.
- Create a Brochure showing the different areas in Industrial Arts

Lesson Activity

III. Materials Needed:

- Bond papers
- Scissors
- Glue
- Paste
- Colored Papers

IV. Instructions:

- GOAL: Students can create a brochure highlighting the different areas of Industrial Arts. Each area should have subbranches of other possible careers.

Lesson Activity

- ROLES: You are a Senior High Student promoting the Industrial Arts on Career Festival in School.

AUDIENCE: You will present your Brochure on GRADE 10 students for their Career Festival in choosing their track in Senior High

Lesson Activity

SITUATION: Being the President of the TLE/TVL Club, you were assigned as the presenter of Club Promotion to promote different Industrial Arts areas in the Career Festival. Your Task is to convince them to enroll in the TVL strand.

Lesson Activity

PERFORMANCE/ PRODUCT: The brochure shows different industrial arts areas and subbranches.

- STANDARDS: Please check the rubric/ criteria for the Brochure Rubric:

Lesson Activity

Lesson Activity

Category	4	3	2	1
Content-Accuracy	All facts in the brochure are accurate	99-90% of the facts in the brochure are accurate	89-80% of the facts in the brochure are accurate	Fewer than 80% of the facts in the brochure are accurate
Writing-Organization	Each section in the brochure has a clear beginning, middle, and end	Almost all sections of the brochure have a clear beginning, middle, and end	Most brochure sections have a clear beginning, middle, and end.	Less than half of the sections of the brochure has a clear beginning, middle, and end.
Graphics/ Pictures	Graphics and a good mix of text go well with the text.	Graphics go well with the text, but there are so many that they distract from the text.	The graphic goes well with the text, but there are too few, and the brochure seems “text too heavy.”	Graphics do not go with the text.
Spelling and Proofreading	No spelling errors remain after someone other than the typist	No more than one spelling error remains after one person other	No more than three spelling errors remain after someone	There were several spelling errors in the brochure.

Lesson Activity

	reads and corrects the brochure.	than the typist reads and corrects the brochure.	other than the typist reads and corrects the brochure.	
Attractiveness and Organization	The brochure has beautiful formatting and well-organized information.	The brochure has attractive formatting and well-organized information.	The brochure has well-organized information.	The brochure's formatting and organization of material are confusing to the reader.
Sources	Careful and accurate records are kept, documenting the source of 95-100% of the facts and graphics in the brochure.	Careful and precise records are kept documenting the source of 94-85% of the facts and graphics in the brochure.	Careful and precise records document the source of 84-75% of the facts and graphics in the booklet.	The brochure has beautiful formatting and well-organized information.

Lesson Activity

V. Synthesis/Extended Practice/Differentiation:
After learning how to make a brochure and being motivated as a Promoter of the Industrial Arts Area, share your experiences with the class. Identify the strengths and weaknesses.

Lesson Activity
